

Medical Research Grants Approved for Funding

June 1, 2022 – May 31, 2023

Drs. Kathleen Burns & David Walt

Dana Farber Cancer Institute {Boston, MA}

“An Ultrasensitive Blood Test for LINE-1 ORF1p for Breast Cancer Detection” ~ \$40,000

Dr. Emanuela Grassilli

University of Milano-Bicocca {Milan, Italy}

“Improving liquid biopsy tools for earlier detection of breast cancer: identification of extracellular vesicles-derived markers” ~ \$40,000

Dr. Anum Kazerouni

University of Washington {Seattle, WA}

“Improved breast cancer screening and lesion diagnosis with ultrafast dynamic contrast enhanced MRI” ~ \$20,000

Dr. Jessica Tao

Johns Hopkins Sidney Kimmel Comprehensive Cancer Center {Baltimore, MD}

“Early Detection of Breast Cancer Using Liquid Biopsy Approaches” ~ \$20,000
